Excellent

## PROFILE:

Highly creative Visual Effects Artist and Video Editor with six years of experience in all aspects of post-production. Seeking a position to create unique, high-quality content in a VFX or video editing role. Proficient in multiple editing programs with an exceptional attention to detail and work ethic. Capable of transforming client ideas, using various modes of post-production, to create projects that exceed client expectations.

## WORK EXPERIENCE:

### ChronicKev Management - Souderton, Pennsylvania

VFX Artist & Video Editor - 2017- Current

- Developed and managed the creation of over 50 music videos from concept to completion, including directing, videography, editing, and implementing various VFX, sound and final delivery formats.
- Created motion and still graphics, 3D environments, characters and custom VFX presets.
- Networked and collaborated with local and national artists to develop new clients.
- Composited background/environment elements for green screen footage.
- Created various VFX and assets (both 2D and 3D), including smooth transitions, animations, simulations, motion graphics, masks and rotoscopes.
- Precisely animated effects and elements using knowledge of keyframes.
- Incorporated different VFX tools and programs to create unique visual effects.
- Assembled raw footage to precisely match the flow of the video and storyboard by making intelligent cuts based on rhythm, emotion, body position and plot.
- Color corrected effects to complement the project's color grade and aesthetics.
- Used sound design to enhance production and storytelling.

## EDUCATION:

### Temple University, Philadelphia, Pennsylvania

Bachelor of Arts, May 2023

Major: Film and Media Arts

GPA: 3.7
